VOLUME 26, No. 32 | CAMPBELL, SANTA CLARA COUNTY, CALIFORNIA | FRIDAY, FEBRUARY 4 1921

MR. AND MRS JAS. BIDDLE

After living the life of a trappist monk in a monastery at Gethsemane, Ky., for 20 years, James Cornell Biddle, member of a prominent Philadelphia family, was married to Miss Mary Lena Gaines of Warrenton, Va., at St. Matthews rectory, Washington. Mr. Biddle is fifty-two years old, while his bride is forty-eight. Through his family connections in England, Mr. Biddle had the right to the lands and title of Lord Wyville, but he preferred to remain in this country.

JAPANESE TREATY IS CAUSE OF DISCUSSION

Pact Gives Nipponese Equal Rights Except Citizenship

Sacramento—A dispatch from Washington states that an amendment to the existing commercial treaty between this country and Japan which will grant Japanese lawfully in this country equal civil rights with the nationals of any other nation except as to citizenship and naturalization, is a feature of the preliminary agreement reached by Ambassador Shidehara of Japan and Roland S. Morris, American Ambassador to Japan.

A revision of the existing gentlemen's agreement between the two countries so as to make it conform to present-day requirements, and to that end absolutely prohibit Japanese immigration to America and the Hawaiian islands, while admitting it to the Philippine islands, also has been agreed upon, the dispatch says.

The amendment, it is said, according to the dispatch, would nullify the California alien land ownership legislation in so far as it affects Japanese nationals in California, but it has been pointed out that California would have a remedy in the enactment of a law forbidding the purchase of land by any aliens.

State Department would not give its approval to the proposed new treaty between the United States and Japan until opportunity had been afforded members of the Senate and others interested to place before the department their arguments were given Senator Phelan of California by Secretary Colby.

TRAINMEN VOLUNTEER HELP

Agree to Haul 50,000,000 Bushels of Wheat Free.

Cleveland (O.)—Engine and train crews to move 50,000,000 bushels of wheat to be donated by Western farmers have been offered by the chief executives of the big railroad brotherhoods, without charge for the men's labor, to Herbert Hoover, in charge of relieving starvation among the hungry millions of Europe and China.

The offer of the railroad men's service was contained in a telegram to Hoover and said it was believed arrangements could be made with the railroads to furnish solid trains to transport this wheat to coast cities free of charge. The message was signed by Warren S. Stone, grand chief of the engineers; L. E. Sheppard, president of the conductors; W. S. Carter, president of the firemen, and W. G. Lee, president of the trainmen.

Stone took up the matter with the railroad executives after he returned from a farmers' convention at Columbia, Mo., last week where Vice-President Gustafson of the Farmers' Organization of Nebraska said the Western farmers were ready to donate 50,000,000 bushels of wheat to starving Europeans.

KIDNAPED BABY FOUND

San Francisco—Little Edgar Smith, six-months-old son of Mrs. H. E. Smith, a young widow of San Francisco, who was kidnaped from his mother's room in a mysterious manner last Friday night, was found abandoned, by a passerby, in a vacant house on North Third street in San Jose Sunday morning.

So much of the case settled, the police are yet baffled as to the motive behind the kidnaping and the guilty persons who stole the child.

ABDUCTORS OF WOMAN ARRESTED

Floyd Carr Tells Story of Abduction

Los Angeles—Arthur W. Carr and Floyd L. Carr, cousins, confessed kidnapers of Mrs. Gladys Witherell, wife of O. S. Witherell, investment company president, pleaded guilty to a charge of kidnaping in the Superior Court yesterday.

The justice questioned both men and they admitted having taken Mrs. Witherell to the isolated ranch-house near Corona, Riverside county, where she was found by the police.

Floyd Carr, in a confession, according to the police, said he planned the kidnaping and lured Mrs. Witherell from her home one night last week by telling her she was wanted by some one injured in an automobile accident.

Carr, the police said, told them he took Mrs. Witherell into a car with his cousin and himself and they drove away. When Mrs. Witherell realized the situation and attempted to break away, Floyd Carr seized her and applied a handkerchief soaked in chloroform to her face, according to this statement.

Arthur Carr, who was captured as he was completing a telephone call to the Witherell residence, in which a demand for ransom was made, made a statement then which resulted in the police locating the ranch-house and rescuing Mrs. Witherell while she was being guarded by Floyd Carr.

DISASTROUS FIRE AT CHICO

Range Explosion Razes Block in Business Section of City.

Chico—Fire, caused by the explosion of an oil-burning range, broke out here Monday morning and destroyed an entire business block, doing property damage estimated at $85,000. The fire, according to the best accounts, started when a cook in the American-Italian Restaurant allowed burning oil to run on the floor and spread to the walls.

The cook, becoming excited, ran out into the street looking for a fire alarm box and by the time he found it the restaurant was a mass of flames.

Soon after the fire started a boiler, becoming excessively heated, blew up and went through the restaurant ceiling, sailing 200 feet into the air and, coming down, landed on the corner of the Chico Hotel on the west side of the street, carrying with it a corner of the building as it fell to the ground. No one was hurt.

The stocks of eleven Chico firms were burned out.

FLOOD DANGER IN YOLO CO.

Rapid Rise of Sacramento River Causes Apprehension.

Woodland—Though the Sacramento river is dangerously high, Yolo farmers are not alarmed over the threat to cut the levee and divert a large volume of water into Yolo basin through the Sacramento weir and by-pass.

The big dredger Neptune took a station opposite the weir levee on Friday night and began nipping into the levee, but it is assured that it is only to lower and strengthen it, and not to turn the torrent of water loose in a district heavily populated with stock and farmhouses.

Work now being done by the levee dredger was authorized by Major U. S. Grant of the California Debris Commission, which represents the Government and is getting the weir and bypass ready for turning over to the State.

The Sacramento river has been rising at Knight's Landing above Woodland, and some fear has been entertained for several days.

REPORT OF ANIMAL CRUELTY

San Francisco—The San Francisco Society for the Prevention of Cruelty to Animals has begun an investigation of one of the worst cases of cruelty that has come under its jurisdiction, according to Secretary Matthew McCurrie.

Word was received from the Solano Humane Society that four carloads of old and decrepit horses had been received at Suisun, a junction point for Petaluma, to which point the animals were consigned to be reduced to chicken feed. It was found that twenty or more of the aged animals, further weakened by lack of food and water, had fallen in the cars and been trampled to death. Others were so seriously injured that it was necessary to shoot them.

BANKERS SON CARRIED OFF

Rich Tacoma Youth Effects Own Rescue After Abduction.

Tacoma—Arthur Rust, 20-year-old son of W. R. Rust, one of the wealthiest men in the Northwest, was kidnaped here by a lone man and forced at the point of a revolver to write a note to his father for $25,000 ransom money.

The boy was later released by workmen, who heard his cries from a garage, in which he had been bound and gagged by his abductor. The kidnaper has not been apprehended, but the messenger who carried the note demanding the ransom is held.

RELIEF CAMPAIGN CLOSES

The Campbell District will complete its European Relief Campaign on Saturday night, February 5, with a big "get together" in Campbell.

PROGRAM

6:40 Band Concert of Street

7 & 9 Big Benefit Show at Orchard City Theatre
Tickets 50 cents

8:30-11:30 Dancing at I O O F Hall Tickets $1

Proceeds go to European Relief

Come and bring family and friends

ALLIED COUNCIL SIGNS GERMAN REPARATIONS

Approves Plan to Collect $53,833,200,000

Paris—Full agreement on reparations, German disarmament and all other important questions before it had been reached by the supreme council when it adjourned Saturday to meet in London February 21.

Count Sforza, Italian Foreign Minister, and M. Briand said the conference had resulted to the satisfaction of all concerned.

A protocol was signed approving the reparations scheme as agreed by the special committee and also the report on the disarmament of Germany as presented by the military committee. Germany must disarm by July 1, disbanding all her civic guards not provided for in the peace treaty.

Germany will be called on to pay in annuities on a sliding scale $53,833,200,000 in gold. Her exports, in addition, bear an export duty of 12 per cent for the allies. On the basis of last year's exports this would give the allies $297,750,000 gold, or 12 per cent of whatever money in which the exports are paid for. Thus, it is estimated, the first payment made by Germany will be $743,150,000 gold, the export tax being paid in cash.

The Council likewise approved a plan for a $38,600,000 corporation to aid Austria.

The Council agreed to forego payments for reparations and other debts from Austria in order to enable her the better to negotiate for outside aid.

Seizure of German customs was added as fourth of the penalties adopted. The other three are: Extension of the area of occupation; occupation of the Ruhr district; refusal to admit Germany to the league of nations.

FATAL DUEL IN S. F. HOTEL

Former Los Angeles Druggist Victim in Affray.

San Francisco—In a revolver duel following quarrel over the sale of narcotics and taking place in a room on the sixth floor of the Hotel St. Francis Sunday afternoon, Maurice Edward Brooks, former Los Angeles druggist and, according to local Federal officials, known as an informer, was killed, his body bearing eight bullet wounds. Carl Hills, 17 years old, the other principal, is at the Central Emergency Hospital, where he made his way after the shooting, with a probably fatal bullet wound in the breast and three fingers of his right hand gone.

PRIEST IS COURT-MARTIALED

MacSwiney's Chaplain Sentenced to Five-Year Prison Term.

Dublin—Father Dominick, chaplain of Lord Mayor Terence MacSwiney of Cork during his Brixton prison hunger strike, was sentenced to five years' penal servitude by the military court-martial which tried him. Two years of the sentence was remitted.

The priest was recently tried for having written a letter to a friend in London explaining the Irish cause. This letter was opened by the censor and Father Dominick was arrested. He also had in his possession a memorandum on the Irish national position, which he declared was dictated by Mayor MacSwiney shortly before his death.

BABY STOLEN FROM CRIB

San Francisco—Stolen from his crib while his mother chatted with a friend in an adjoining room, six months' old Harry Smith Jr. is being sought by the police of the bay cities, while his mother is in a state of collapse over his disappearance. Mrs. Smith, a widow of only two weeks, has been grieving over the tragic death of her husband at Coalinga, and the additional shock of the kidnaping of her child has completely unnerved her.

Motives for the abduction are lacking, according to the police. Mrs. Smith says that she will institute a State-wide hunt for the infant.

Redding—Arthur O. Davis, aged 19, will be hanged in San Quentin prison on Friday, March 25, for murdering City Marshal John W. Reives on January 9.

CALIFORNIA NEWS ITEMS IN BRIEF

Paragraphs of Interest to Readers of Golden State

Palo Alto is to have a pyramid of Sciots.

Federal agents found $1500 worth of whisky on the Standard Oil tanker Broad Arrow at Richmond.

The establishing of a plant for the extraction of oil from pine needles will in all probability be located in Colfax.

A railroad commission permit has been granted to operate an auto stage service between St. Helena and Sanatorium, in Napa county.

To allow greater parking space for autos, the old bathhouse at Alum Rock, San Jose, is now being wrecked and will be removed.

The Richmond City Council has adopted plans and specifications for a new $150,000 warehouse to be constructed at the municipal wharf.

Indications point to immediate development of a shale deposit near Porterville and the establishment of a brick and hollow tile factory.

Reduction in the price of milk from 11 to 9 cents a pint and from 18 to 16 cents a quart, beginning February 1, has been agreed upon in Los Angeles.

Acting under instructions from the district attorney, the city marshal has ordered all slot machines, punch boards and similar devices of chance closed in Benicia.

Raids conducted in Chinatown, a dilapidated section of Grass Valley, resulted in the arrest of four men and the seizure of opium valued at more than $2000.

Jesse Elliott, an Indian recently convicted of the murder of Milo Guidi, aged vineyardist, of Ukiah, has been sentenced to life imprisonment in San Quentin prison.

The new Glendale Research hospital, to cost $100,000, owned and financed entirely by Glendale residents, will be ready for the reception of patients by March 1.

Among the big projects for Visalia which are expected to carry into the year is a new apartment house costing $100,000, with twenty apartments, covering an entire half block.

It is asserted that four hundred carloads of lemons have been dumped in the San Dimas wash because there would be no profit in shipping, due to ruinous competition from Southern Europe.

Mrs. Sturtevant Peet, intimate friend of Susan B. Anthony, pioneer suffragist leader and honorary president of the State Women's Christian Temperance Union, died in Oakland last week.

Four fast motorcycle events, presenting a field of at least ten professional riders, is a Fresno program decided upon for February 22, Washington's birthday, by the Fresno County Chamber of Commerce.

Hannibal N. Clermont, 35, widely known motion picture producer, committed suicide last week at Los Angeles, because, it is believed, he lost his position as president of the Clermont Photoplays company.

James Martin, former Alaska miner, and believed to have amassed a fortune during the Klondyke rush, was found dead in his cabin at Mill Valley. Coroner J. Ray Keaton found cash, bonds and deeds to property totaling $10,000.

OIL LEASE GRANTED

Lease to forty acres of petroleum land in Kern county has been granted to the Obispo Oil Company of San Luis Obispo by the interior department. The tract is occupied by producing wells, which have been operated by the company for some time while it claimed ownership to the land.

CAMPBELL BOOSTERS ANNUAL BANQUET

LARGE AUDIENCE HEARS OF BUSY CLUB

Again in chronicling the annals of Campbell are we called upon to report one of the annual events of our history—the Improvement Club banquet. 1919 passed banquetless owing to the influenza and 1920 also was uncelebrated, so that this year found people ready and eager to participate in the event.

Tables had been set in the Hyde Cafeteria in an elongated U and were attractively decorated with baskets and jars of roses, trailing smilax and pepper berries and plates of red apples.

The program as announced last week was carried out so far as musical numbers were listed. The Glee Club was somewhat handicapped by the absence of two members, D. H. Cramer being on the sick list and Mr. Barron was late owing to a trip to San Francisco.

Mr. Bohnett declined an encore and Mrs. Hyde's two numbers were listened to with much pleasure.

Following the eats, to which full justice was done, C. H. Whitman made the announcement of arrangements for collecting the European Relief funds.

Dr. W. I. Merrill president of the club, spoke briefly of its aim and issued an urgent invitation to all those present, members, and those who ought to be, and others interested to attend the meetings of the club on the first Thursday of each month at the Library building.

He then called upon Secretary H. W. Morton to give a resume of the actual accomplishments of the club, which does not include many lines of work such as sending literature and information to prospective home seekers, etc.

The report was given in the form of 18 points:

1. A new highway and lighting com. established.
2. Through the courtesy of Mr. J. C. Ainsley, five members of this club hold memberships in the San Jose Chamber of Commerce.
3. The Campbell Impr. Club is listed in a published report of the "Active Commercial Organizations of California," dated May 15, 1920.
4. Through the efficient efforts of our lighting Com. a lighting district for Campbell has been established, and is being installed by the P. G. & E.
5. Matter of new interurban station for Campbell taken up with the Peninsular Railway Co., with submitted plans for same drawn up by H. W. Higbie.
6. Com. on highways and byways have erected restriction signs for regulation of highway traffic, same being obtained from the Board of Superivsors.
7. Efforts of this Club largely instrumental in securing the Radcliff Chautauqua for Campbell.
8. Committee from this club interviewed Prof. Howard regarding the establishment of an experimental farm in our community.
9. New roadmaster secured, who has materially improved our streets and most of the outlying inroads to our Town.
10. An accurate local census has been taken by an appointed committee and the data obtained is on record in the minutes of this organization.
11. Support, financial and moral, given the children's community playground recently established.
12. Balance due on the old town lighting deficit has been paid out of the funds of this improvement club.
13. On request of this club, various poles of the P. G. & E. Co. have been straightened along Campbell avenue, greatly improving its looks.
14. Rubbish has been removed from the S. P. park and borders trimmed up at the request of this club.
15. Certain water rights of this community have been vigorously fought for by the Campbell Improvement Club, and steps have beentaken to protect any and all such rights.
16. Donations have been made by this club to various local enterprises during the past year.
17. Through the efforts of an efficient committee we are well on the way toward getting gas for Campbell.
18. The annual banquet has been arranged on this occasion.

Respectfully submitted,
H. W. Morton, Sec.

Owing to Mr. Cramer's absence there was no report on the work of the Campbell Union High School, but R. J. Rodriguez spoke briefly of the growth of the Campbell Grammar school.

The enrollment of the Campbell district for the three school years beginning in 1918 has been 187, 227, and so far this year 287. This does not include the San Tomas district. Our school house planned for six rooms of 40 pupils has been already outgrown. But we have grown much more in assessed valuation by consolidation—in number of pupils 75 per cent, while in per cent of teachers the advance is 320 per cent and valuation 350 per cent.

The chief address of the evening was given by Mr. W. G. Alexander of San Jose, and it is not always that an after dinner speaker is so well received. His remarks were based upon community life and improvement, and as he was at one time a resident of Campbell he spoke of things which he knew in regard to our community.

Commending the members of the club and other citizens for the past accomplishments, he urged upon us further advancement, founded on the four corner posts of government, home, school and church. He enlarged upon these topics in a most inspiring and uplifting way.

In closing he urged that Campbell specialize in the production of men, of which we have already had many worthy ones, known throughout the state for their integrity, morality and stability.

The election of officers which had been announced for that evening was postponed to the regular club meeting held last night, as the new constitution calls for.

Some criticism has been heard over the fact that a few ticket holders were unable to secure seats at the opening of the banquet. However, those with tickets were given the preference until the hour announced, when others were seated. Any who remained for a short time were served, as preparation had been made and all would have been cared for. Various suggestions for another year have been made, among them that of numbering seats and tickets.

DEAR COLLEGE DAYS

The home of Mrs. B. O. Curry was turned into a college dormitory Wednesday as a setting for the program on the two large universities of California, which was the subject for the Pundita circle. Decorations of red predominated in one room and blue and gold in another, and the hostesses' "caps and gowns" completed the illusion.

Mrs. Ira Beal had chosen the "Tercentenary of the Pilgrims" as the subject for her "Current Events" which she handled very ably. Mesdames Carboni, Beal, Candee and Pardee sang "The Song of the Stanford Spirit" and Miss Forbes gave a talk on "Stanford University." A poem, "The Stanford Quad," written by one of the students, was read by Mrs. Watrous.

Mrs. Candee then sang "The Berkeley Tombstone" and the Stanford yell was given by the group.

Berkeley's song, "All Hail to the Blue and Gold," was a fitting introduction to the discussion of the University of California by Mrs. J. H. White of Berkeley.

The quartet favored the company with the rousing song, "Funiculi, Funicula," followed by two other popular college songs, "The Spanish Cavalier" by Mrs. Pardee and "Solomon Levi" by Mrs. Beal.

The Berkeley yell was given with a vim and then the refreshments were made. That is the correct term as they were college girl style, fudge and rarebit prepared in chafing dishes. Place cards were decorated with girls in cap and gown.

At the conclusion of the afternoon the company dispersed to the old refrain, "Good Night, Ladies".

DEBS REFUSED PARDON

Washington — Recommendation by the department of justice that the ten-year sentence of Eugene V. Debs, long a prominent Socialist leader, and now serving a ten-year sentence at Atlanta for violation of the wartime espionage laws, be communted, effective February 12, Lincoln's birthday, has been rejected by President Wilson and commutation refused.

TO THE PUBLIC:

In the issue of the Campbell Press of January 28, there appeared an editorial entitled: "Campbell Must Fight for Water."

We have since learned that most of the information on which that article was based is untrue, and in consequence, the criticisms of the Water Committee were unwarranted, and we hereby retract the same.

It has always been the policy of the Press to be just and fair to all, and when a mistake has been made, we are only too glad to correct the wrong.

We have always been a "booster" for irrigation, and sincerely hope the Committee will be able to work out a feasable plan for utilising the water of the valley which is now wasted.

HARRY C. SMITH, Editor

ANNUAL MEETING

Campbell Improvement Club held its annual meeting at the library last evening to elect its officers for the ensuing year. They are: President, Dr. W. I. Merrill; vice president, Mrs. Mary Lanphear; secretary, H. W. Morton; treasurer, R. G. Archibald.

The treasurer made his report showing a balance of $76.60 on hand.

Chairman Lanz reported the result of a successful banquet with a balance of $11.25 on unused tickets.

President Merrill appointed as speaker committee for "Old Settlers' Day" C. H. Whitman, J. J. Pardee and D. H. Cramer Other committees will be announced later.

The auditing committtee appointed for the year are Mrs. C. A. Sutter, George Isbell and O. Strom.

The president appointed as a membership committee Mrs. M. Lanphear, who will select her co-workers.

It was voted to change the dues to $1 per membership and this matter will be finallly settled at next regular meeting. In the meantime pay your dues on that basis and establish yourself in the club for 1921.

It was voted to ask the county engineer to repair Campbell avenue and other streets in need of it.

Reports on the gas project were very favorable and but few non-subscribers were met by the solicitor.

The Club begins a new year with plenty of work ahead of it and high hopes of considerable attainment.

Mrs. G. Weston, pianist and teacher. Recommendations from parents of former pupils. Address 79 Campbell avenue.

STUDIES WRITERS

"Well Known Essayists" proved a very happy medium for a delightful program at the Country Woman's Club Monday. Mrs. E. R. Kennedy was in charge of the afternoon and opened her subject with a definition of the essay and its five classifications as made by Wm. M. Tanner of the University of Texas. Very apt selections from well known essayists were read in illustration, Mrs. Blaine assisting. These included works of Helen Kellar, Robert Haven Schauffler, Emerson, Burroughs, Muir, Van Dyke and Agnes Repplier.

Mrs. Marshall Ross read "The Joys of being a Woman," by Winifred Kirkland, which proved extremely humorous, and Mrs. W. H. Woodbury read "Reflections of a Grundy Cousin," by Katherine Gerault, that was a wonderful treatise on present day laxity of morals and manners, with an endeavor to show the causes. Altogether the afternoon was one of pleasing variety and interest.

Orrin Peck, noted artist, died in Los Angeles during the past week.

Physicians at Woodland have announced the opening of a free clinic for children.

The annual convention of the California Beekeepers Association is to be held in Oakland on March 2 to 5.

The Porterville Y. W. C. A. have started a movement for a free public gymnasium and swimming plunge.

The reduction of 25 per cent in paddy rice freight rates recently granted by the Railroad Commission will go into effect February 5th.

At the recent meeting of stockholders of the new Exeter athletic field, plans were discussed for a big rodeo on April 13 in the new stadium.

A new steel tower line will be built soon to connect the Pit River project with the Pacific Gas and Electric Company in the neighborhood of Marysville.

Mrs. Frederick G. Sanborn has been elected president of the Board of Education of San Francisco. Mrs. Sanborn is the first woman to hold that position in San Francisco.

In a quarrel between Bahn Singh and Harry Singh on the E. V. Briscoe ranch near Vinland, the former was struck and fatally injured, dying a few hours later at a local sanatorium.

NOTICE

Notice is hereby given that in pursuance of the resolution and order of the Board of Directors of the J. C. Ainsley Packing Company, organized and existing under the laws of the State of California, unanimously adopted at a regular meeting of said Board duly held on the 23rd day of December, 1920, at the principal place of business of said corporation, to wit: At the office of said corporation at the corner of Campbell Avenue and Harrison Avenue in the Town of Campbell, County of Santa Clara, State of California, a meeting of the stockholders of said corporation is hereby called for, and will be held at the principal place of business of said corporation, to wit: At the office of said corporation at the corner of Campbell Avenue and Harrison Avenue, in the Town of Campbell, County of Santa Clara, State of California, on Friday, the 25th day of February, 1921, at 3 o'clock P. M., for the purpose of considering and acting upon the proposition to increase the capital stock of said corporation from $100,000.00, divided into 1000 shares of the par value of $100.00 each, to $500,000.00, divided into 5000 shares of the par value of $100.00 each.

By order of the Board of Directors.

Dated: December 23rd, 1920.

E. SWOPE,
Secretary of
J. C. Ainsley Packing Company.

Mrs. Briscoe's Cakes

The question is frequently asked, "How often do you get a stock of Mrs. Briscoe's cakes in fresh?"

And the proper answer is that Mrs. Briscoe's delectable cream-rolls, fingers, jelly-rolls, cut-cakes and wreath-cakes arrive fresh three times a week. Also, these things are exceedingly popular. If you don't use them, be assured that your next door neighbor does; so why not make it unanimous?

And while selecting cakes, you will likely see right at your feet a covered bucket of shelled peanuts. These are they that have gripped a host of your neighbors in the not deadly but delightful home-roasted peanut habit. L. C. L., low cost of living, has hit peanuts, too. 10c a pound — no shells, no waste — is very, very reasonable.

And while waiting at the counter for your cakes and your peanuts to be wrapped up, you might knock over a tall, slim can or two, with your elbow. Never mind, there is no harm done. But while picking up one of these cans, observe that it is a pint can of Del Monte Olives; and when you notice that they are marked "large," and learn they are only 25c a can, you will be amazed. It's a special.

And if you are at all like the majority of folks, you'll not finish your purchases without including a 40c package of the new Blaine's Steel-Cut Coffee.

P. S. A new customer remarks, just now, "I believe this is the cleanest store I was ever in."

Blaine's GENERAL MERCHANDISE

Masonic ladies' night has been set for some future date, to be decided on at the next stated meeting of the lodge.

The rainfall in Campbell for January was 11.45 inches, a most consoling figure in the face of past dry seasons.

A big time is scheduled for tonight at the I. O. O. F. hall. The Rebekahs are holding one of their popular dances.

Mrs. J. H. White and children of Berkeley were guests of Mrs. White's sister, Mrs. I. P. Beal for part of this week.

J. U. Porter, whose new home is nearing completion in the Hyde residence tract, hopes to take up his abode there this week.

Robert Campbell of Delta, Utah, is visiting his daughter, Mrs. H. W. Higbie. Later he will go to the ranch at Quincy for some time.

Miss Edwyna Page has entered a prep school to get ready to enter U. C. next fall. She was accompanied by her parents who motored up for the day.

The Campbell Boys Band is going to Cupertino this evening to furnish music for an entertainment to be given by the P. T. A. of the Cupertino Union school.

The Johnson Avenue club is one of the local organizations which will be represented at the Vendome dinner Monday, as also will the Country Woman's Club.

B. O. Curry is again located in his own office vacated by the Growers' Bank, thereby giving L. M. Beall his whole room again and additional window display.

Mrs. Laura Foster of Leigh avenue left last week for Honolulu where her son is stationed. She may remain for some time unless he should be transferred by Uncle Sam.

The Misses Marion and Alice Duncan went to San Francisco Saturday to attend the production of 'Il Trovatore". They remained over Sunday with their sister, Miss Elizabeth.

Mr. Weston and family have moved from the Grizzle house on Campbell avenue to John Evans' former home on Central avenue. Mr. Castro has moved into the Grizzle house.

Mr. and Mrs. A. A. Purmort returned from their visit in Minnesota last week and are now getting settled in their new home which they purchased from C. A. Sutter last fall.

The crew of the P. G. & E. is setting poles for the new electric lights in Campbell and the arcs will be installed also, probably the system being complete by the close of the week.

C. M. Smith, who has spent several weeks in Campbell with his son, H. C. Smith, left Thursday for his home in Minnesota, going via Los Angeles, El Paso and then over the Chicago & Rock Island to Minneapolis.

Mrs. Vera Fablinger Rorke of San Luis Obispo, who has been visiting her father and sister and other friends in this county, returned home Sunday morning. Her husband is now connected with the Union National Bank of San Luis Obispo.

Will Finnemore has a pet cow with a fondness for devouring records and dry literature. She even delves into his pockets for his water company receipts. After a somewhat lengthy perusal she spit out the valuable bits so Will is none the loser.

Mr. and Mrs. George Bohnett of Lansing, Mich., arrived this week for a two months' visit with brother "Uncle Joe," who has already shown them the greater part of the valley. He is hoping to wean them from their cold climate and is succeeding famously.

Dr. W. I. Merrill has purchased the Geo. E. Hyde house on Campbell avenue and hopes to move into his new home next week if the house can be made ready by that time. E. O. Evans, who is confined to his home with the grippe, is to complete some painting before they move.

Miss Gertrude Rowell of the San Jose Normal faculty will address the High School P. T. A. at its regular meeting next Tuesday, February 8. Her subject will be "The Psychology of the Mental Image and its Importance in Education," and as Miss Rowell is a very interesting speaker she should be complimented with a good attendance. The meeting is at three o'clock and a general invitation is extended to parents and others interested to be present.

GLUB PREPARES FOR CELEBRATION

A salute to the flag opened the meeting of the Home and School Tuesday afternoon.

Several matters of business were discussed, among them the report of the committee appointed to plan the entertainment for the night of February 22. who had arranged with Mr. Wm. E. Johnson of San Jose to provide the talent for an evening concert. The artists will include Miss Marie Page, a brother of Mr. Johnson, and others, insuring the community a well worth while program.

Miss Fablinger reported that some quantity of clothing had been brought in in response to the appeal, but that much more can be used. Look over your closets and trunks and send in any outgrown or laid-away garments or shoes.

Mrs. Davis's room captured the vase for the coming month on the attendance of mothers present.

Mrs. C. H. Whitman was the chairman in charge of the program and announced a solo by Miss Burgess, "Spring is Coming," which was thoroughly enjoyed.

She then introduced Mrs. Farr of Los Gatos, who talked from a mother's point of view on "Co-operation between parents and teachers," emphasizing the teaching of ethics and promoting purity among the boys and girls. Her address was very practical and helpful.

Mr. Rodriguez presented two attendance problems—the absentees, who lower the per cent of attendance and so reduce the school apportionment, and the floating population who are here awhile in the fall and begin to come in late in the spring. They are a great handicap to the resident pupils and should be classed by themselves.

LOSE GOOD CITIZENS

It is with sincere regret that we announce the fact that we are to lose two of our very good citizens, Mr. and Mrs. H. W. Higbie of Johnson avenue, whose house is advertised for sale in this issue of our paper.

These good friends will make their residence in San Jose when not at their ranch at Quincy, as it will be too burdensome to keep up a home here, although they will not sever all social or fraternal relations.

Mr. Higbie will enlarge his office rooms in the Porter Building, and Mrs. Higbie will make that her business home, too, when engaged in her work of interior decorating, but expects to spend the greater part of the time at the ranch for possibly a year or more.

Mr. and Mrs. Higbie have made a wide circle of friends here and have always aided in every philanthropic and civic improvement move in our community, giving liberally of time, money and suggestions. But although we are losing them as citizens we shall hope to see them often.

Mr. and Mrs. Frank Campbell, who have occupied the Higbie home for some months, will continue in possession until after a change of ownership, whenever that amy be.

C. E. BIRTHDAY

Sunday was the fortieth anniversary of the founding of the Christian Endeavor Society and the Congregational C. E. held a birthday party.

Miss Evelyn Henry had sent out written invitations, the room was bright with flowers, and a beautiful birthday cake decorated with the C. E. monogram in red candies and bearing four candles, one for each decade, added to the effect.

Miss Henry had planned a very interesting meeting, one of the features being a collection, to take the form of a birthday present for C. E. work in the county. As a concluding number the young people repaired to the dining-room where Mrs. Henry, Mrs. T. A. Robinson and Miss Fablinger had prepared cocoa, which with the birthday cake and others, made a "really party."

GUEST SUPPER

There will be an "absent guest" supper at the Cambrian school house February 4 under the auspices of the Cambrian P. T. A. Every family in the district is urged to be represented. There will be a fine program. Miss Clara Smith of the Normal faculty will speak and several fine musical numbers are promised.

Tickets may be obtained from Mrs. Louis Shelley, the president, or committee.

This is the time and the year to spray. For satisfactory work call on H. F. Evans, phone Campbell 18F5.

CALIFORNIA NEWS ITEMS IN BRIEF

Paragraphs of Interest to Readers of Golden State

The opening of the California Racing Circuit in July will be held at Pleasanton.

The new ferry boat of the San Rafael-Richmond ferry will be ready for use about the 1st of May.

Oil drillers shot a well on the Turney ranch near Fort Stockton which is capable of one thousand barrels per day.

The Standard Oil Company is erecting a new 20-story office building in San Francisco, which will cost $4,000,000.

Charles A. Linebaugh, of the Two Rock district, north of Petaluma, killed a lamb-killing American eagle on his ranch recently. The bird measured seven feet from tip to tip. The eagle was presented to the members of the American Legion.

It is reported that the Pacific Gas and Electric Company is obtaining options on land in the vicinity of Bird's Landing for the purpose of exploiting the land for oil and gas. The sum of $200,000, it is said, has been set aside for the cost of the operations.

The State Supreme Court has ordered the issuance of a writ of mandate requiring the State treasurer to cancel 12,000 unsold highway bonds of the State of California, in accordance with the constitutional amendment voted by the people at the election in November.

The district attorney of Santa Cruz has been ordered by the Board of Supervisors to proceed to procure rights of way along the state highway between Boulder Creek and the Big Basin from the Tellisons at Sequoia, the Leidicks at Bonnie Brae and the Micheners.

A national convention of wood and timber men was held in San Francisco last week. There were in attendance government engineers, biologists and engineering heads of the principal railroads of the country, as well as representatives from numerous associations formed throughout the country by wood and lumber men.

Plans were adopted in Yuba City for the establishment of a memorial park to preserve the memories of Sutter county soldiers who were either killed in France or who died of disease or wounds overseas. Each tree planted in the park will be named after a dead soldier, and will have his name, residence, regiment and division engraved upon a bronze plate.

W. C. T. U. NOTES

The Woman's Christian Temperance Union met with Mrs. C. H. Whitman on Wednesday afternoon. After devotionals and reading of Declaration of Principles, portions of a letter from the state executive board were read.

Unions throughout California are requested to aid in arranging an exhibit during the national W. C. T. U. convention which is to meet in San Francisco next August. The convention is to be held in the Civic Auditorium.

It is expected the exhibits of California's varied and splendid products—agricultural, horticultural, floral, mineral, educational, etc., will prove a source of surprise and interest to eastern guests, there being an abundance of room in the civic center for display. By enlisting chambers of commerce, improvement clubs, educational and other organizations, it is hoped every county will have a creditable exhibit along one or more of above lines.

During the discussion of child welfare work, the union voted to send its president to the luncheon at Hotel Vendome in San Jose, if the necessary $50 should be raised, and a committee was appointed to look after the needed amount. Several new members were welcomed into the union also a brief service was held making little Samuel Keusch a white ribbon recruit. May he prove a worthy namesake of the noble character so illustrious in ages gone by.

Mrs. Seiverson, depot mother at the S. P. depot in San Jose, was the speaker of the afternoon and recited many instances showing the helpful character of her work, one of unusual pathos being the case of a little son left in Italy until the family should earn the money to send for him and who came alone the long journey, arriving "tagged from head to foot," whose mother after some search was found and notified of his arrival. Not only women, girls, children and babies are cared for, but many men are also aided. All this Mrs. Seiverson does cheerfully and "heartily as unto the Lord."

Campbell Union voted to invite Mrs. Dorr to speak here in February. She having chosen February 12, Saturday afternoon, there will be a meeting on that date with Mrs. C. H. Whitman, and it is hoped that the house may be filled to overflowing to hear what the state president has to say.

The next regular meeting will be with Mrs. Newcomb on Wednesday, February 16th, when the union will hold a social and take a collection for the Frances E. Willard organization fund.

In a way, getting married is a good deal like using the telephone. You don't always get the party you want. —Ness City (Kan.) News.

C HARRY SMITH

OSTEOPATHY EXPLAINED

Osteopathy maintains that the human body contains all the remedial agents necessary for the maintenance of health. It further asserts that the curative fluids are distributed when and where needed except when such distribution is interfered with by structural disorder.

The average person usually makes the expression that Osteopathy may be good for some things such as Headache or Rheumatism.

While that is very true, if it was understood that the Osteopath understands just how and where to manipulate for the relief and cure of all other ailments and disorders they would not hesitate to procure osteopathic treatment.

DR. W. E. ATHERTON
OSTEOPATHIC PHYSICIAN
53 South First St. — SAN JOSE

Would like to more fully explain the principles and methods of treatment for your complaints and physical troubles.

Why Increased Taxes?

Every citizen of California is a taxpayer.
Taxation is, therefore, your concern.
You pay direct on property, or you pay indirect taxes through transportaticn, light and power costs, in interest rates, or in the cost of merchandise and rent.
So you want answers to these two questions:

1—How much money is actually needed by the State, with proper economy, and Why?
2—How shall this money be raised, and why?

What the Tax Investigation and Economy League IS

Three hundred thousand of our people, security holders in public utilities, banks and other companies taxed for state purposes, together with an equal number of employees of these companies, are represented by the Tax Investigation & Economy League, which has been organized to learn and make public the facts about the actual needs of the State government.

Non-partisan and *non-political*, this league invites the co-operation of every citizen.

Such Facts as These Are Pertinent

Governor Johnson's 1915 budget for two years called for $36,000,000
Governor Stephens' 1919 budget for two years called for $47,000,000
Governor Stephens' 1921 budget for two years calls for $81,000,000

—An increase of $45,000,000 over the budget of six years ago—
—An increase of $34,000,000 over the budget of two years ago—
—An incaease of $15,000'000 over the budget of two years ago even after we allow for all the appropriations and expenditures authorized by the people at the November elections.

It Is Time for Economy

For all of us the era of extravagance should be ended. That our present state organization costs too much and is full of duplications and unnecessary expenses, is agreed by state officials and the public alike.

We ought to know, and we want to know now, how much money is being wasted. We ought to know whether the new demands made on our pocketbooks are necessary demands.

No Ad Valorem Tax

One thing is already sure. If the $15,000,000 now asked, in addition to the money voted last November is saved to the public,

—Our existing revenue will pay all our bills--we will have a surplus in the treasury two years hence—there will be no ad valorem tax.

The legislature is the authority that shall determine how much money shall be raised, and what rates of taxation are fair.

It is the privilege and duty of every citizen who has facts to present, and conclusions based on these facts, to assist his representatives in reaching a just conclusion.

You will be kept advised of the results of our investigations.
Your own views and conclusions are respectfully invited.

TAX INVESTIGATION AND ECONOMY LEAGUE
